

One mission, one team, one direction

## Airbus Defence & Space: Activities and Opportunities

### Event Guide:

This event, hosted by Director of the Advanced Space Concepts Laboratory, Professor Massimiliano Vasile on behalf of the Strathclyde Space Institute, provides an opportunity for staff, students and alumni to hear from, and network with, one of the principal employers of engineers in the UK, Airbus Defence & Space Ltd.

An overview of the UK space sector, and the company, including their main projects and missions, such as the Solar Orbiter and ExoMars Rover, will be presented.

Specific sessions will focus on opportunities for collaborative industrial placements, and graduate recruitment schemes. There will also be time for Q&A sessions.

### Venue & Registration:

Wednesday 6th May 2015  
9.30am – 1.00pm  
Registration: 9.00 - 9.30am

The Technology and Innovation Centre  
University of Strathclyde  
99 George Street  
Glasgow, G1 1RD ([map](#))

To register please go to:

@EngageStrath

### Audience:

- Current students studying STEM subjects (Science, Technology, Engineering and Maths);
- Alumni;
- Academic staff from the University of Strathclyde.

### Benefits of attending:

Delegates who attend will find out more about:

- The potential for university and industry collaboration, and knowledge exchange;
- Graduate recruitment;
- Collaborative projects and placements;
- The UK space sector and one of the largest companies in the UK's contribution to it.
