

What Can Masters Students Do for You?

Event Guide:

The University of Strathclyde is a partner in the [Making the Most of Masters Legacy Project](#), which benefits employers by facilitating business-specific projects delivered by Masters students. Join us at this event to hear from our existing partners, students and staff and learn how your organisation can get involved and benefit from the programme.

This event will demonstrate how a Masters student can help you achieve short-term goals and provide support to your existing workforce.

Venue & Registration:

Thursday 5th May 2016
Registration and refreshments from 5.00pm
Event 5.30pm – 7.00pm

The Technology and Innovation Centre
99 George Street
Glasgow G1 1RD ([map](#))

To register please go to
www.engage.strath.ac.uk/event/282/

Audience:

Representatives from public, private and third sector organisations in the following fields:

- Chemical industry.
- Biotech/Life Sciences.
- Energy, Environmental and water industry.
- Pharmaceutical and Medical Devices.
- Police laboratories.
- Forensic Services.

Benefits of attending:

- Find out how your organisation and workforce can benefit from Masters student projects and from the Making the Most of Masters Programme.
- Learn more about the details of the programme, including how our systems have been designed to minimise time resource requirements of industrial personnel.
